

Technical Specification.:

Full Stainless Steel type.

Can Size : 150 x 140 x 65 mm

Product Size: 190x 160x 150mm

Can Capacity: 1300 ml

Input Voltage Range: AC 170~270V 50/60Hz

Frequency: 40-42,000Hz

Power Capacity: 50W

Silent Features:

- A cooling fan has been incorporated.
- Insulation has been introduced between sensor & Steel bath.
- PCB has been redesign for better performance and life.
